MEMORANDUM FOR THE RECORD

SUBJECT: Private Conversation with Colonel Lane -  
20 January 1955

1. In a private conversation with Colonel Lane today, he informed me that he had just had a long-distance telephone conversation with Admiral Connolly and that he (Colonel Lane) strongly recommended that General Mark Clark and Admiral Connolly get a concentrated briefing on the Clandestine Services prior to the scheduled field trips. Admiral Connolly evidently concurred in the recommendation and the matter will again be discussed at a Commission staff meeting to be held this afternoon at the General Accounting Office. General Christiansen will undoubtedly contact General Mark Clark regarding this matter.

2. Colonel Lane stated that both General Mark Clark and Admiral Connolly have been tainted with all sorts of misinformation on the Clandestine Services by the military and others, and that -- in complete fairness to the Agency -- a briefing is an absolute necessity in order to set the record straight. Colonel Lane thinks that this is a possibility for next week and thus, I believe that we should plan for such an eventuality and officers concerned should be alerted.
